

Caribbean Power Resources

**Think Different - Live Different!**

With LiFePO<sub>4</sub> (LFP) Battery Energy Storage comes new opportunities and different rules we can function in.

New Opportunities:

- ✓ Do NOT need so many Solar Panels
  - As little as 4-6 panels
- ✓ Do NOT need a massive Generator to power your home
  - No fumes from engine
  - No Carbon Monoxide dangers to your family and home
  - No need for massive Propane Tanks and Storage
- ✓ Do NOT need to be attached to the Grid (PREPA) if you do not want
- ✓ The Grid (PREPA) becomes your BACKUP energy
  - How about that for a twist!
- ✓ Your home can have a smaller battery unit on wheels for a Condo or Apartment
- ✓ Air Conditioning units now on the market that run off these batteries!
- ✓ SIMPLE Backup of basic needs like Medical Machines and Refrigerator for Insulin
- ✓ SIMPLE Backup for lights, fans, and work computer and Network that runs for days
- ✓ Your food in the Refrigerator will always be safe and even have ice when you want it!
- ✓ Never fear a natural disaster like Maria nor be frustrated with unpredictable PREPA
- ✓ Get a Battery System for your entire home for under \$25,000USD
  - This is for up to 3000sq' home with AC running completely off batteries
- ✓ Be free of PREPA (Grid), their service, and continuous high rates that WILL go higher
- ✓ Possible 3yr ROI for complete home running without PREPA (Grid)
- ✓ Keep your Air Conditioning at 65 degrees if you choose!
- ✓ YOU are in Control
  - Your home will be stable – every day
  - Emergencies like Hurricanes and Bad storms have no impact on your lifestyle
  - The food you bought will be safe regardless of what happens outside your home
  - You know your energy cost and control what you do
  - NO MORE power outages!
- ✓ Your home will be a safe refuge and comfort for you and your family – all the time

The decision to ensure your lifestyle and comfort for your family is now in your hands!  
You have opportunity and options, what will you do with it?

*“We cannot solve our problems with the same thinking we used when we created the problem.”
