

Caribbean Power Resources

Is this you?

- ✓ The power goes out while you are working from your home office?
- ✓ Power outages are causing your appliances to fail and food lost?
- ✓ Storms are regular and the power goes out?
- ✓ Electric bills are growing in cost faster than you can make the money to pay?
- ✓ You live in an area where natural disasters are common – like hurricanes?
- ✓ Special needs family or elderly at home that need AC, Lights, or Refrigerator?
- ✓ Rolling Blackouts are more common?
- ✓ Your Electric Grid is old and not reliable with no one fixing it?
- ✓ Concerned what you would do if the Electric was out for more than 2 days?
- ✓ The idea of an electric generator and fuel is not a 'fit' for you or your neighbors?
- ✓ Looking to 'Go Green' and take advantage of Solar and Wind Energy?

Then we are here for YOU!

Our FIRST Mission is to provide Electric Energy Backup for Homes, Condos, Apartments, Businesses, and Churches.

Our NEXT Mission is to provide complete Energy Independence and replace the need for your home to be connected to the grid.

How do we accomplish this?

The latest in Battery Energy Storage – LiFePO4 Batteries

- Non Flammable
- No Gasses
- Small and Compact
- Less Expensive than Lead Acid and Tesla Power Walls and Smaller
- Able to connected together and power a Commercial Building or Neighborhood – scalable
- Safe for your Home, Family, Pets, and Neighbors
- Sizes from Small, Car Battery Size, Portable Boxes, Rack Mounted, to Commercial (Forklift, Golf Carts, etc)

“We cannot solve our problems with the same thinking we used when we created the problem.”

Albert Einstein
